Lumivia Insecticide Seed Treatment

Version	Revision Date:	SDS Number:	Date of last issue: 01/30/2025
2.0	02/15/2025	800080101892	Date of first issue: 01/30/2025

Corteva Agriscience[™] encourages you and expects you to read and understand the entire SDS as there is important information throughout the document. This SDS provides users with information relating to the protection of human health and safety at the workplace, protection of the environment and supports emergency response. Product users and applicators should primarily refer to the product label attached to or accompanying the product container. This Safety Data Sheet adheres to the standards and regulatory requirements of Canada and may not meet the regulatory requirements in other countries.

SECTION 1. IDENTIFICATION	
Product name	: Lumivia Insecticide Seed Treatment
Other means of identification	: No data available
Manufacturer or supplier's de COMPANY IDENTIFICATION	etails
Manufacturer/importer	: CORTEVA AGRISCIENCE CANADA COMPANY SUITE 240, 115 QUARRY PARK RD. SE CALGARY AB, T2C 5G9 CANADA
Customer Information Number	: 800-667-3852
E-mail address	: solutions@corteva.com
Emergency telephone number	: Corteva Canada Solutions: 1-800-667-3852
	emical and restrictions on use
Recommended use	: End use insecticide product
SECTION 2. HAZARDS IDENTIFIC GHS classification in accords Acute toxicity (Inhalation)	ATION ance with the Hazardous Products Regulations : Category 4
GHS label elements	
Hazard pictograms	
Signal word	: Warning
Hazard statements	: H332 Harmful if inhaled.
Precautionary statements	 Prevention: P261 Avoid breathing mist or vapours. P271 Use only outdoors or in a well-ventilated area. Response: P304 + P340 + P312 IF INHALED: Remove person to fresh air and keep comfortable for breathing. Call a POISON CENTER/ doctor if you feel unwell.
Other hazards None known.	
SECTION 3. COMPOSITION/INFO	RMATION ON INGREDIENTS : Mixture

Further information

Marine Pollutants assigned UN number 3077 and 3082 in single or combination packaging containing a net quantity per single or inner packaging of 5 L or less for liquids or having a net mass per single or inner packaging of 5 KG or less for solids may be transported as non-dangerous goods as provided in section 2.10.2.7 of IMDG code, IATA Special provision A197, and ADR/RID special provision 375.

For Canadian Ground transportation TDG Exemption: 1.45.1 Marine Pollutants (Part 3, Documentation, and Part 4, Dangerous Goods Safety Marks, do not apply if they are in transport solely on land by road vehicle or railway vehicle).

Special precautions for user

The transport classification(s) provided herein are for informational purposes only, and solely based upon the properties of the unpackaged material as it is described within this Safety Data Sheet. Transportation classifications may vary by mode of transportation, package sizes, and variations in regional or country regulations.

SECTION 15. REGULATORY INFORMATION

The components of this product are reported in the following inventories:

DSL : T

: This product contains components that are not listed on the Canadian DSL nor NDSL.

Pest Control Products Act (PCPA) Registration Number : 32154

Read the PCPA label, authorized under the Pest Control Products Act, prior to using or handling this pest control product.

This chemical is a pest control product registered by Health Canada Pest Management Regulatory Agency and is subject to certain labelling requirements under the Pest Control Products Act (PCPA). There are Canada-specific environmental requirements for handling, use, and disposal of this pest control product that are indicated on the label. These requirements differ from the classification criteria and hazard information required for GHS-consistent safety data sheets. Following is the hazard information required on the pest control products label: PCPA Label Hazard Communications:

Read the label and booklet before using.

This product is toxic to: Aquatic organisms Birds Treated seed is toxic to birds.

SECTION 16. OTHER INFORMATION
